 INMODE

INTRODUCING THE BEST VERSION OF YOU.

Morpheus8 is the **number one** radiofrequency (RF) microneedling **procedure in the world**, with over **3.8 million treatments** performed. It is so popular that **patients and celebrities ask for it by name** because it is the gold standard for delivering real-world, lasting results. This trusted solution has been redesigned to deliver a new level of comfort and is available exclusively from Morpheus8 by InMode.

Meet Morpheus8 Cool, the next evolution of the treatment you trust. Same science-backed results. Now with a **cooler, comfortable experience**.

COOL COMFORT. REAL RESULTS. NO COMPROMISE.

Why choose between comfort and results? With Morpheus8 Cool, you no longer have to compromise.

Morpheus8 Cool is the ultimate skin treatment, trusted to deliver the skin contraction that you expect from Morpheus8. Unlike other RF microneedling options, Morpheus8 Cool is precisely programmed to deliver the right amount of RF energy to contract your tissue, and achieve the results you are expecting. Its unique innovative tip features a large surface area that actively cools your skin for a superior experience.

Personalized treatments are designed to fit seamlessly into your life. No radical surgery. No lengthy downtime. Just natural-looking, confidence-restoring results that let you look as refreshed as you feel. Take control of your face, your body, and your transformation.

Look as incredible as you feel.
